

Nub Travel Retail Exclusive (aged 1 year)

Considered one of the most innovative cigar concepts. Nub is a line of short, stout and well-filled smokes blended to capture the perfect essence of a cigar. These cigars are completely made by hand with densely packed long filler, allowing each stick to burn slowly while maintaining a smoking time comparable to conventional sizes ranging from Robusto to Churchill. Especially for Travel Retail the selected cigars have aged for more than 1 year. The cigars come in a premium metal tube and a beautiful designed cardboard box with information about the used tobaccos for filler, binder & wrapper. The Nub travel retail exclusive contains 4 cigars with delicate and fine cigar wrappers: Maduro, Sun Grown, Connecticut and Cameroon.
