Une Passion Française

Une Passion Française

Taking craftsmanship to the highest levels of excellence, a unique know-how passed from generation to generation, anchored in the noblest traditions and drawing on the richness of the terroir and the experience of our people; this is the passion that has driven Frapin from its beginnings. A very French passion from the heart of the exceptional vines of Grande Champagne, Premier Cru, offering memorable moments to connoisseurs around the world.

A UNIQUE ESTATE
IN THE HEART OF COGNAC'S
PREMIER CRU

VIP XO comes exclusively from the Frapin Cognac estate, one of the largest in the Grande Champagne appellation. This appellation, recognised as being the most renowned Cognac cru, provides an eau-de-vie with unequalled flavour, which is the most suitable for prolonged ageing and a guarantee of the best quality of Cognac.

Frapin Cognacs are aged in traditional cellars on the estate in barrels made of the finest quality French oak, a precious raw material that contributes to the quality of the finished product. Nothing is left to chance in the production of VIP XO.

INHERITED PASSION

From the planting of vines to the finished bottle, Frapin is responsible for the whole production process of its Cognacs. Production of wines, distilling, ageing, blending, everything is managed with the greatest care according to Frapin's own rules, passed down from generation to generation.

Grafted with Passion

 COGNAC
FRAPIN
VIP · XO

From this passion a jewel has been created, VIP XO a precious Cognac whose nuances and richness are constantly unfolding. A beautiful presentation was needed and a decanter, inspired by a perfume bottle and an inkpot, was created to contain it. The decanter is a reflection of the subtle alliance of VIP XO's elegant aromas and Frapin's love for writing, handed down by their distinguished ancestor, the author François Rabelais, who was equally inspired by his love of words and gastronomy.

TASTING FRAPIN VIP XO: AN ENCHANTMENT FOR THE SENSES

A cognac with rich bronze tones and a natural purity, Frapin VIP XO attracts attention from the first glance.

On the nose, VIP XO has pleasant floral notes and a beautiful aromatic complexity punctuated with subtle woody touches. An overall elegance typical of aged Cognacs from Grande Champagne.

After its delicate aromas its power in the mouth comes as a surprise. VIP XO offers a palate of flavours, revealing in turn chocolate notes, dried fruit, candied fruit, and gingerbread. The expression is sophisticated and complex, with depth, but without ever losing the original freshness of the fruit. Composed with the precision of a sonnet, VIP XO is an ode to the passion behind its creation and taste.
