

AW 18

mywalit is the original multicolour leather goods brand founded in Lucca, Italy. The imaginative colour combinations, the use of the finest leathers from around the world and the impeccable craftsmanship of the products are the distinctive signs of the brand. Colours are harmonized in many hues and the result is a unique collection of hundreds of shades.

Autumn Winter 2018-19 at mywalit sees the addition of two rich new colours **Denim** and **Storm**, following the key colour trends of this season.

Denim is inspired by the iconic fashion item, jeans. It combines stonewashed light grey with a classic blue-jeans tone and a stylish navy for an accessory that's always on point.

A tempestuous night sky is the idea behind new **Storm**. Its striking mix of iron grey and highlights of silver is completed with a splash of bold magenta.

Also new for this season: **RFID protection** in our solid colour wallets and some key styles!

An exciting new texture makes its debut in our men's range this autumn: **Voyager** is a collection of light and spacious **canvas** bags, made from 100% cotton with a waterproof coating and finished with leather details.

Available in **black** and **khaki** shades in essential styles, for the ultimate urban range.

All mywalit's ranges are designed with an eye for **practicality**.

Both our small leather goods and our bag collections feature card slots, zip pockets and internal pouches to guarantee maximum utility and make them perfect for everyday use.

NEW FOR AUTUMN WINTER

New AW sees very interesting wallets and purses and a brand new “Gift Range”!

1253 | Envelope Card Holder

GIFT RANGE

Whether you are treating someone for a special occasion or simply treating yourself, our gift range offers beautiful timeless pieces in our signature high quality leather

RFID PROTECTED

RFID (Radio Frequency Identification) technology is a convenient way to store and transmit useful information and is used in most credit cards.

Unfortunately this sensitive data is at risk from unauthorized use.

The metal coated fabric interlining blocks 99% of all frequencies used to illegally capture RFID information, keeping your DATA SAFE.

The RFID protection interlining is offered in some key styles and in our “Solid Colours” Range.

SOLID COLOURS

VOYAGER

Made from 100% cotton with a waterproof coating and finished with leather details, our canvas bags are light, fresh and spacious.

TRAVEL

Colourful, exciting & fun...just like your adventures!

These great pieces will take you from home, through the airport and onto exotic destinations whilst removing the frustrations of never being able to find your passport.

BAGS COLLECTION

Lots to choose from! Mywalit selection of AW bags has something to offer to everyone's taste.

Our new ranges combine style with class, bags and purses that are compact, contemporary and feminine to create a look which is practical and versatile!

1972 - 130

RHODES

Our new classic range with super practical styles in bold colours that you can't live without.

Once you feel the quality of our full grain leather you will snap up the rest of the collection in a flash!

AMARANTE

Our designers love this collection! Bold, functional and with a flash of colour what's not to love about the trio that make up the Amarante collection.

LIMA

Made with our soft, slouchy full grain leather this collection is beautifully simple with sleek detailing that compliment the functionality of the pieces

ARUBA

A 3 piece collection that features some of our most popular styles, including a backpack.

This range has added appeal with our signature bespoke webbing on the straps and quilting detail on the leather.

MARSEILLE

A classic collection that has beautiful finishing details, including metal zips and contrast piping.

CARACAS

A playful collection that will add some colour to any wardrobe as the days get shorter, a collection to take you from day to evening.
