

BE RELAX

Wellness Pillow SLEEP THERAPY

Camel Black

Granite Blue

Sleep Therapy Massage Sphere©

is inspired from massage rituals in Be Relax spa. It stimulates Feng Fu shiatsu point to calm anxiety and prevent insomnia.

Feng Fu shiatsu point:

A pressure point to promote communication between the head and body. It helps to relieve headaches, ease stiff neck and dizziness and encourage deep sleep.

Upgraded Ergo-Smart© Shape is designed especially for wearing a headset during your flight.

Its unique flatback shape eases off the pressure of your neck. Extra height on both sides provides reinforced neck support.

The Foam Is Composed of 2 Densities:

A softer density on the inner side and a firmer density on the outside. It provides a soft touch on the face with a stable support at the base.

TENCEL® Pillow Inside Cover (neck side) is made from a fabric extracted from the wood. The fiber offers optimum moisture transportation which prevent bacteria growth. TENCEL® fiber is particularly silky and gentle to the skin.

Included

Ultra-Compact Travel Pouch that allows you to reduce the pillow size in half and keep it clean.

Heat Patch

How to activate heat patch : Snap the metal disk inside. The liquid will turn solid while heating up instantly. Insert the patch into the pillow pocket.

To reuse heat patch : Place it into boiling water for 5 minutes, or until the gel returns to its clear liquid state. Remove from water and let it cool down completely.

Specifications:

Pillow : 100% polyurethane memory foam
Inner cover : 100% polyester
Out cover : 65% Lyocell (Tencel), 30% Polyester, 5% cowhide

Product Weight : 356g
460g with packaging
Product Dimensions : L37xW23xH13cm,
Product Dimensions with packaging : L44xW25xH11cm,

Carton Gross Weight: 5kg,
Carton Size: L43xW29xH45cm,
10pcs / carton.
